PROFILE

Email copywriter focused on eCommerce brands. I research the brand, understand the audience, and identify what customers actually want before writing a single line — so the copy feels relevant, persuasive, and true to the brand. My focus is helping eCommerce brands communicate clearly, build stronger customer relationships, and turn attention into action.

SERVICES

Email Copywriting	Promotional emails, campaigns, and conversion-focused sequences built around the customer and the brand.
Ad Copywriting	Clear, attention-grabbing ad copy designed to stop the scroll and drive action.
Abandoned Cart Email	Recovery-focused emails that remind shoppers what they left behind and make returning to checkout easy.
Product Copywriting	Clear, persuasive product descriptions that highlight value, answer objections, and encourage purchase.

SELECTED PROJECTS

Promotional Email	500px Halloween upgrade campaign built around seasonal relevance, creative identity, benefit-led value, and a clear 15% offer.
Ad Copy	Paid ad copy built around strong hooks, customer desire, product positioning, and a clear call to action.
Product Copy	PowerPic product-page copy built around a clear differentiator, benefit-led feature translation, objection reduction, and a simple path to purchase.
Abandoned Cart Email	Abandoned cart email copy designed to recover high-intent shoppers, reinforce product value, and move them back toward purchase.

WHAT CLIENTS SAY

"The landing-page copy was clear, punchy, and focused on conversion without sounding overly salesy. Exactly what we needed." — Daniel Carter

"The email copy felt much more engaging than what we were using before. The subject lines especially gave us some great angles to work with." — Ishita Kulkarni
